Create a Test Event

Before you can test your stats setup, you'll need to create a test event on StatBroadcast.
1. Log into StatBroadcast

Point your browser at http://admin.statbroadcast.com and use your school's credentials to log in.
2. Expand the Schedule Tools from the left menu
3. Click on Add Single Event
4. Select the sport and today's date
5. Set the 'Test Event' field to Yes
6. Give the Event a name and click 'Create Event'

Note: It is not necessary to set home and away teams for test event.
